Between Us..

RUTH BEAVER

If you think the teen-agers are the only ones that have lots of fun, you are certainly mistaken. Saturday afternoon twenty-six ladies, most of them in their sixties and seventies, gathered at Mamie Brannen's (Mrs. Lester) and helped "Mrs. Mitt" Woodcock (as friends like to call her) celebrate her 78th birthday. Her four daughters, Nita Prather, Sallie Smith, Mamie Brannen and Bertie Lee McElven, and Bonnie Woodcock, daughter-in-law, saw that everything was carried out right. As Mrs. Woodcock was having her pictures made, Nita was telling how her hair had been fixed for the occasion, and as she started in she ran into a tree and left her net hanging on one of the limbs. She was just right, though, in spite of this. A few weeks ago one of our leading stores in Savannah called Ella Mae Hodges (Mrs. Rex) and told her that a package for her had to be delivered in person. As all of us would be, she was so eaten up with curiosity she could hardly wait to go down and see what it was all about. Upon going to the particular department they told her to, she was swept off her feet as the lady told her Mr. Hodges had them order two perfectly lovely mink-which she is proudly enjoying. If you think the world isn't a small place, and we are much closer together than we think, listen to this: A lady bought a pair of shoes recently in Atlanta, but after coming home decided she would send them to her sister-in-law, who was in Atlanta and bought the same pair of shoes and laid them down in another store and walked off. Calling back some time later to see if she had left them in the store, they had been found and put away. When the store manager brought the shoes to her, imagine her surprise when she looked on the box and they had Sallo's! It was the same pair Sallo had bought and returned by mail. If you were among the forty-five persons that were invited to the party on Sunday of her tea room, you won't have reservations for next Sunday. Mrs. Akins (Mrs. Jesse) assisted Mamie, and it was Mrs. that made the delicious rolls. It was all a case of mistaken identity. Recently Marion Agan was parked on the street, and a certain very shy but very fine man about town tapped on the back window of the car. Marion didn't look back just at the moment, and the man came around to the other window and gave a few taps a little harder. Imagine the man's great astonishment when he walked to the front of the car and instead of seeing one of his very close neighbors, he beheld Marion Agan. After as much apologizing as possible, he quietly slipped away. If I were a man I don't know anybody's window I had rather see on than pretty Marion Agan; no one could pass off a thing like that in her pleasant way more than she. Always so pretty and beautifully dressed. Will see you

TEACHERS COLLEGE SEEKS DIXIE TIES

Georgia Teachers College is a candidate for membership in the Dixie Conference, J. B. Seabee Jr., director of athletics, has disclosed.

Seabee said he hopes that the Teachers College application will be approved at the December meeting of the conference. He feels that the action would result in better schedules for his team.

The announcement came in response to a week-end statement by Major George B. Connelley, vice-president of Mercer University, who spoke of "a strong possibility" that the conference will take in new members.

"So that we will have two divisions and can cut down on travel."

Seabee praised Major Connelley's attitude toward travel, declaring it was different from that of some coaches who have refused to schedule the Teachers College, but who "take their squads much further to play teams no more impressive than we."

He said he understands that one of the universities which turned the Teachers College down this year is traveling just as far to meet a junior college.

His schedule difficulties have prevented Seabee from gloating over what probably is the best basketball material the college has had. "We expect a good club for a change," he said, "and find it hard to schedule comparable opposition."

Everyone of his players is eligible for competition in the Dixie Conference, Seabee emphasized.

Students here and Mercer University alumni in this area have expressed hope that conference affiliation would result in a resumption of rivalry with Mercer, which dropped the Teachers just as Seabee began to get the ball rolling here two years ago.

Seabee has proposed a Mercer Teachers series as "the natural rival" for both of us," but Coach Jim Cowan, of Mercer, has dissented, scheduling instead the Alabama State Teachers College, of Troy, and declaring, "Mercer would have everything to lose and nothing to gain in the eyes of alumni and friends."

LOCAL JUNIOR CHAMBER TO FINANCE ROAD SIGNS

The Statesboro Junior Chamber of Commerce will finance a program of road signs and postal cards advertising Georgia Teachers College. Chamber members, who entertained the Student Council last week, enthusiastically endorsed the college application for membership in the Dixie Athletic Conference.

Prizes totaling \$4,500 will be awarded by the Georgia Power Company to six towns, three in each power district, judged to have made the best showing of progress during the contest period. State judges are Mrs. Pauline Parks Wilson, dean of home economics at the University of Georgia; Miss Susan Myrick, associate editor of the Mason Telegraph; Dr. M. D. Mobley, state director of vocational education; Raimundo De Orlan, dean, retired, of St. Philip's Cathedral in Atlanta, and J. M. Jackson, vice-president of the Atlanta Chamber of Commerce. They will consider the reports sent in by the division judges in all six of the power company's divisions.

On the first trip to Statesboro the unit collected 52 pints of blood. Since that time Bulloch county has used 58 pints of blood up to last Saturday.

Local Red Cross workers have plans for Statesboro and Bulloch county citizens who have signed up as donors to make the first trip to the nearest blood bank.

PROMISE ACTION IN CITY ELECTION

Two Definitely Announced And Third In Prospect For Complete Opposition Ticket

With approximately twelve hours yet to go (the hour fixed for closing is 12 o'clock tonight), there is every prospect that Statesboro will see some city politics in the forthcoming election on the first Friday in December.

Entries formally announced are Sidney Lanier and H. R. Christian, who have signed the document and paid their entry fees. Forthcoming prospect is Lory Waters, whose fee has been paid, but who, absent from the city, has not formally signed.

Retiring councilmen who seek reelection are A. B. McDougald, Wilbur Woodcock and W. A. Bowen. Under the rules it is required that entries shall designate the one against whom they are running. It is learned that Christian has designated Woodcock, Lanier has named McDougald and Waters will leave Waters to oppose W. A. Bowen.

Mr. Waters is absent from the city today, but will return this evening. At his place of business no definite answer was given, yet it was said that he would probably be in the race as outlined.

THEFT CAMPAIGN IN AUTO CIRCLES

Three Vehicles Disappear From Streets When Left With Ignition Keys Handy

A passenger automobile belonging to John T. Smith disappeared mysteriously when left parked with key in ignition and lights burning near the city hall on Monday night.

Dr. Leland said that everyone will receive a report of his examination, whether found infected or not. "Those examined should get a report within ten days," he said.

Only two days previously another vehicle—a truck with trailer—belonging to John T. Smith disappeared from the streets in the rear of his place about three weeks ago, was discovered at evening, where it had been since the evening of its disappearance. The negro driver of the truck, after taking it from the street, had started to take it to a place where it was parked with other car at Pooler. Lacking the cash capacity to adjust the claims for damages done by the truck, the negro had left the truck as collateral and neglected to return for it. The negro, Bonnie Baggett, is now in jail awaiting trial of the case.

Still another local theft that was when Penton Anderson's Chevrolet, left on the street with key in, was taken a couple of weeks ago. It was later recovered at Pooler, the same community in which the Hoke Brunson truck was recovered.

Beginning with next Wednesday and continuing through the balance of the year, Statesboro stores will remain open every Wednesday afternoon.

RED CROSS BLOODMOBILE TO MAKE SECOND VISIT

The American Red Cross Bloodmobile will make its second visit to Bulloch county on Wednesday, November 30, at which time blood donors will report to the blood center.

On the first trip to Statesboro the unit collected 52 pints of blood. Since that time Bulloch county has used 58 pints of blood up to last Saturday.

Local Red Cross workers have plans for Statesboro and Bulloch county citizens who have signed up as donors to make the first trip to the nearest blood bank.

THURSDAY NIGHT CITIZENS MEETING IN COURT HOUSE

Health Campaign Gets Good Start

Bulloch county's VD-TB drive got off yesterday to a very good start as about 1,027 citizens took advantage of the free blood test and x-ray.

Commissioner of Health, W. D. Lundquist said he was "extremely pleased" with the first ray's results. "We can't afford to let up just because we've had a big day," he said. "Dr. Lundquist emphasized the goal of 16,500 is still a long way off, but it is a good start. We'll reach it if for everyone in the county to whole health support the program."

IN MEMORIAM

In loving memory of our husband and father,
J. A. FITCH,
who passed away four years ago today, Nov. 17, 1944.
We remember, oh, so fondly,
The years when you were here,
And the days moved on so swiftly,
For you were always near.
Now it's different, and so strongly
Time binds us to the past,
And measures out the lonely hours
Until we shall meet at last.

A Venison Steak!

LET THIS WRITING be words worth- out a final explanation, if you will. Bluntly, we are wondering what relationship there is between a venison steak and the mental faculties scientifically classed as "intuition" and "telepathy." Don't tell us there is no relationship—nor even that there are not those forces recognized as telepathy and intuition.

At the up-town eating place Sunday morning when we sat at breakfast over a cup of coffee, scrambled eggs and toast, the mind ran away into the past dealing with the choice diets which we knew in the long ago. There sprung up a memory of that day some seventy years ago when Harrison Nash rode up to the little country store with two hind-quarters of venison fastened to the rear of his saddle; and then followed rumination about how that venison tasted; how we admired Harrison Nash; that he had come from the wooded section fifteen miles away in a community which bore the local name of Lealman. Then memory rambled around in the Lealman community, recalled the people who had comprised the settlement at that time, and finally wondered vaguely what had become of the name.

All this was while we ate the scrambled eggs and toast and grits, and craved a hunk of venison. It was living far in the past.

Across the room sat a group of three persons who had entered as we ruminated—one young man, and two ladies. As we arose facing them, they all three smiled, and the elder of the group spoke. Had we met this trio when we seemed about to pass without recognition?

"We've been in Pennsylvania," said the spokesman, "and at enroute back to our home at St. Petersburg. Have you ever been there?" And then followed the explanation that St. Petersburg was the last Florida community from which we wiped dust off our feet when we came to Statesboro nearly fifty-seven years ago.

"Well," said the lady, "we've been living there for fifteen years, and I am teaching school in a suburb of St. Petersburg known as 'Lealman'; have you ever heard of that place?" And Lealman was the place we had been thinking about as we sat there gulping coffee and ruminating about venison and Harrison Nash, and all the things which spring up in a pre-life memory.

Our Webster defines telepathy as "the sympathetic affection of one mind by the thoughts, feelings or emotions of another at a distance, without communication through the ordinary channels of sensation." Intuition he defines as "quick or ready insight or apprehension."

Now, what do you say is that was monkeying with our memory and brought us in contact with the strangers there who came from the realm of those long-ago memories. Telepathy, or intuition—or merely coincidence?

In the meantime, we are waiting for a venison steak.

Appreciative Friends

Bring Editor Sweets

Two valued friends, long-time readers of this family journal, took time out during the week to give expressions of friendship in an understandable way. J. C. Smith, formerly of the Clito community, now living near Halyonville, brought in a couple of stalks of sugar cane with combined length of eighteen feet. Frank Adams, of the Portia section, brought in a quart jar of newly-made syrup, just off the furnace the day before, bright as the purest honey. Adams said his syrup crop this season amounted to around thirty gallons, which is enough for his family use till next syrup-boiling time.

It is needless to say that these contributions are the things which bring joy to an editor's heart—as well as his stomach.

Returns To Michigan Anniversary Occasion

Dr. Marvin S. Pittman, president emeritus and director of extension at Georgia Teachers College, will deliver the Founder's Day address Saturday at a 25th anniversary program of the Lincoln Consolidated Training School of Michigan State Normal College.

Dr. Pittman was director of teacher training at the Normal College at Ypsilanti, Mich., before accepting the presidency of Teachers College here in 1934. He is credited with having planned the Lincoln project, a consolidation of thirteen one-teacher schools, while he was head of the rural education department of the Normal College at Ypsilanti.

Adams Is President Of Freshman Outfit

Floyd P. Adams Jr., Milen, a former Marine, is president of the freshman class at Georgia Teachers College after a week-end election. His opponent was Douglas F. Taylor, of Hinesville.

Named with Adams were Charles G. Jackson, of Atlanta, vice-president; Miss Martha Wood, Waycross, secretary; and William R. Moore, of Fitzgerald, treasurer.

Miss Wood won over another Waycross girl, Miss Jo Ann Darden. Runner-up to the vice-president was Chas. A. Stewart, of Savannah, and to the treasurer, Miss Josephine Starr, of Greensboro.

College Students Favor Shorter Study Period

The affirmative side had little difficulty in winning a debate at Georgia Teachers College last week on the subject, "Resolved, That Saturday classes should be abolished and a five-day week instated in the University System."

Saturday classes haven't kept students on the campus, but have kept them from week-end jobs and participation in extra-curricular activities, according to two student housewives who argued the affirmative. Mrs. Emerson Brown, of Edison, and Mrs. Charles B. Kopp, of Moultrie.

If you want help to be your eternal home, then Paul writes, "For he that soweth to his flesh shall of the flesh reap corruption. Your eternal destiny is determined by what you sow. If you want eternal life, then Paul writes how this might be attained: 'But he that soweth to the Spirit shall of the Spirit reap life everlasting.' Take warning, your destiny is determined by your sowing. Gal. 6:7-8.
W. H. EVANS, Pastor.

Meat Pie Made With Riceland Rice

4 cups cooked Riceland Rice
1 onion, sliced
1/2 teaspoon pepper
2 cups canned tomatoes
1/2 teaspoon salt
1 tablespoon fat
1 pound leftover meat or raw, ground meat
1 can peas or 1 package frozen peas, cooked and buttered
Lemon slices for garnish

Melt fat in a skillet, add the sliced onion, and if raw meat is used, add and stir until the red color disappears. Add tomatoes and seasonings after the onion is browned, and heat through.

In a greased baking dish place a layer of the cooked Riceland Rice, approximately one-half of it, next a layer of the meat, tomatoes and gravy, and last a topping of a layer of the rest of the Riceland Rice. Dot with fat, add a border of cooked or canned buttered peas and bake for 30 minutes in a 350 degree oven.

Place the baking dish in a metal holder or on a heat-proof

"WHAT'S IT MEAN TO ME?"

It Means Just This--

You or any member of your family can have tuberculosis and not know it. Waiting for symptoms to appear often means disaster. The time to do something about TB is to find out you have it before you think you have it.

Remember, *early TB* can be successfully treated. An x-ray will let you know for sure.

And Syphilis? We don't like to talk about syphilis. Running from it will accomplish absolutely nothing but prolongation of the disease.

It's a fact that many innocent people are victims of syphilis every year.

Why take chances on these killers?

An x-ray and blood test can prevent much sorrow that may follow in later years.

CARDS AND PILOTS

In the hardest fought game of the season, and probably the best game, the last place Cards fought the Pilots for the third-place berth in the Jr. Boys City League to a scoreless tie this week. Billy Barber and Gene Mills did most of the ball carrying for the Cards, with Henry Chandler and John Fruits doing much of the work on the line. Lamar Underwood did the ball carrying for the Pilots with Dave Franklin doing the outstanding job and the line. Elsewhere

in the league this week the second place Bulls handed the Pilots a 27-19 defeat. Jimmy Jones scored three of the TD's for the Bulls, and Lamar Underwood scored all three of the TD's for the Pilots. The Red Caps handed the Cardinals a 45-7 drubbing to remain undefeated for the season. Joe Rines was chosen as player of the week from this game for his outstanding work on pass offense. Rines passed to Roberts and to Parrish on two touchdowns in the first period.

Get your child in the nursery group Saturday a. m. from 9 to 12.

Hudson invades lower-price field WITH FAMOUS "STEP-DOWN" DESIGN

ANNOUNCING THE NEW Hudson Pacemaker

ON DISPLAY
FOR THE FIRST
TIME TODAY!

See this engineering triumph... a trim-size, new car with the sensational advantages of Hudson's years-ahead "step-down" design...

A streamlined beauty with a colorful new interior featuring gorgeous wool fabrics combined with plastic Dura-fab trim...

A neat-as-can-be automobile with more room than any other car at any price, except another Hudson; yet a car that costs you less to buy... less to drive!

Hudson's new PACEMAKER is here today!... On display today!... You can see it today!

For the first time in motor-car history, you can have compactness and lower price with big-car comfort and riding qualities. For here is an agile car with more inside room than in any other car at any price, except another Hudson.

It's a trim, tidy car with a lower center of gravity than any other make—and because of this you get a smoother road-hugging ride than is possible in even the costliest cars built the old-fashioned way.

Here, Hudson's "step-down" design gives you not only all the room, comfort, safety and amazing roadability, but also all the low-built beauty, the long, free-flowing lines that come only with the "step-down" way of building motor cars. Every body line is naturally beautiful, even to the graceful curves of the Full-View windshield.

This is Hudson's new Pacemaker... priced for millions of new-car buyers!

You ride securely—in Hudson's single-unit, all-welded, all-steel chassis—built so safely within a box-section foundation frame that surrounds the passenger

compartment, even outside the rear wheels—relaxed in the roomiest seats in any automobile.

This is Hudson's new Pacemaker... with the new higher-compression Pacemaker engine, the power-packed engine that test drivers call "the smoothest, sweetest we've ever driven!"... the rugged, long-lived engine with new carburetion and fuel intake that make it a lightning-like performer with surprisingly saving ways!

And this amazing car brings you Hudson's new Super-matic Drive (optional at extra cost)—the only automatic transmission that includes the fuel-saving advantages of overdrive and that shifts gears just as you want to shift, that doesn't creep at lights, that doesn't slip as you roll along.

There are more... many more... fresh, colorful and desirable features in this great new car... too many to mention here. Hadn't you better see it today?

RUTH BEAVER

It is said there are more surprises in the life of a college professor than almost any other person. And this was true when the past week when Mr. Worth McDougald was ready to begin teaching one of his radio classes at the University of Georgia. One of his fellow professors told him earlier he was to have a visitor in his 11 o'clock class and just casually said his name was Bergen. A few minutes before class the students began flocking to his room and he moved to a larger room, and by class time students were sitting on the floor, including many students who have class at that time. Sure enough, on the dot of 11, who should walk in but Edgar Bergen with Charlie McCarthy? Of course he took over to the delight of the students and Worth. They were in Athens along with many other radio celebrities for a private party and he wanted to visit the radio class at the University. Speaking of school, news comes by the grapevine route that Marie Woods at Teachers College received an engraved invitation from President Truman to have lunch with him one day last week. It seems he was entertaining the forty-eight presidents of A.A.U.W. We still regret Marie was unable to keep the date. Marie Woods, one of our county education workers, reports a wonderful trip to New York recently in interest of education and was on the program at the National convention—Little Kay Preston moved a few days ago to the home the Prestons have bought. After looking the house over upstairs and down, she came running to her mother to ask what she would do if she was lost in the house? It seemed so large to her. I still think Kay should have a prize for her costume she planned by herself to wear in the Halloween parade; she looked more like September than any other girl. She was strolled down the street in a dress and baby bonnet nursing a baby bottle. Quite a few attractive visitors in town for the week-end: Kate McDougald and Marguerite Nance, of Atlanta, seen at the Country Club Saturday night at a party where they were wearing orchids with their pretty fall dresses. Jackie Murray, who lives in Augustville, N. C., was frequently visiting, seen at the game Friday night and later Margaret Ann Dekle having a spend-the-night party at the Aubert. Brannen Club house, inviting fourteen of her friends out for the night—Such an attractive picture of a young woman. You see the game Friday night when the Statesboro and Swainsboro teams battle for the unbeaten title in this district, you better be at the field early. One of the University boys tells us game cars are coming home for the game and going back that night—Will you see

AROUND TOWN.

LADY KNOWN HERE GIVEN HIGH RATING

In a section featuring "Choice of the Week," the North Augusta News in last week's edition had this to say about a former Bulloch county citizen:

Our Choice of the Week is none other than Mrs. E. E. Graybill, of 216 Georgia avenue, Mrs. Graybill is the former Ethel Brannen, of Statesboro, Ga. On April 12, 1903, she became the bride of E. E. Graybill, of Millen, Ga. In the spring of 1910 they purchased the house where she now resides, moving there on November 10th of that year.

Mrs. Graybill has two daughters and three sons, the second son being none other than the popular city clerk. She is a member of the North Augusta Baptist church. "Mother" Graybill is popular with both the young and old. She is a very devoted wife, a wonderful neighbor and a friend to all.

Our hats off to Mother Graybill, choice of the week! You will receive your gifts from us today. Congratulations!
